Joseph Levitt, Director
Center for Food Safety and Applied Nutrition
Food and Drug Administration
200 C Street S.W.
Washington, D.C. 20204

Dear Mr. Levitt,

I am writing to express my support of the FDA's proposal that bottled water manufacturers be required to disclose where the water comes from and make available detailed reports of contaminants, as public water utilities do.

Thank you very much.

Sincerely,

Rebecca Shahmoon Shanok
